THE MEL BAR

Relax and wind down at the Mel Bar, Millennium House

From the Editor

Sixty-four pages of fabulous Parish Pumpicity this month!!! That's the most in my time as editor and, I think, the most ever, as the old photocopier that we used to use to produce it could only handle sixty pages max. Given that you have all those wonderful pages to look at, you're probably hoping that I won't waste your time on my editorial. Well, sorry to disappoint

Based on the number and the variety of community groups who are represented in these pages, and on the number of events that they organise, I make bold to suggest that this is surely a sign of a vigorous community spirit. At the heart of that community spirit, both in Pensilva and in Saint Ive, are our community centres, St Ive Village Institute, Pensilva Village Hall and Millennium House, so I'll just point you at Alan Moss's short article about Millennium House on page 7. Perhaps someone from the Village Hall and from the Institute would like to write a few lines about them, for a future edition. We should all help these village hubs to thrive.

Lastly, anybody interested in sustainable living, I very much encourage you to look at page 15. The Parish Council has organised a course aimed at producing a sustainability plan for our parish using the principles of permaculture and, in order to make the idea work, we will need some parishioners to take the course. Costs will be met by the Parish Council, so this is, essentially, free training for St Ive Parish residents who want to take part.

Take care - Joe

P.S. Should that be 'Pumpicity' or 'Pumposity?' ©

PENSILVA W.I. HORTICULTURAL SHOW

The annual Pensilva Horticultural Show, opened by Keith Richards, was recently held at Millennium House, Pensilva, where a bumper number of exhibits were displayed. The judges had a difficult task due to the high quality of items, but they rose to the occasion admirably. The winners were – Pensilva WI Committee cup for the most points in vegetables - Mrs F. Drew. The Downing Cup for vegetable collection - Mr B. Arthur. The Tessa Cup for pot plants - Mrs J. Pascoe. The F.French-Blake Cup for Flowers - Mrs. F. Drew. The Albert Moore Cup for Domestic -Mrs. J. Hoare. The Nicholls Cup for Handicraft – Mrs. L. Snell & Mrs. A. Willis. The Les Morcom Cup for Best Photo – Mrs. Jennifer Prinn. The Barnard Cup for most points in Photography - Mrs. Verna Daw. The Photography Shield, under 15 years – William Hicks & Thomas Jenkins. Miss Lennon Cup for children under 7 years - Grace & Megan Rance. The Parfitt Cup for children 8-11 years - Thomas Jenkins. The Harry Cup for children 12-15 years - Miss Summer Roper. The Pensilva WI Committee Cup for most points overall – Mrs. J. Hoare. The Dr.Tregarthen Cup for most points gained in vegetable section – Mrs. F. Drew. The Smerdon Trowel for most outstanding exhibit in pot plants - Mrs. C. Cox. The Opener's Choice – Mrs. F. Drew. Judges Choice, The Coombes Cup – Mrs. Paula Prinn. The members' Photography Shield - Mrs. Verna Dawe. The Gordon Bennett Trophy for most points in preserves - Miss. C. Hambly. The Mary Gilbert Cup for flower arrangement - Mrs. J. Hoare & Mrs. L. Snell. Well done to everybody who entered the Show and particularly to those who won trophies.

CHAIRMAN'S COLUMN

Well, my bit in last month's Pump asking for views on moving the granite trough on St Ive road had the desired effect. There have been several responses, all saying it should stay where it is. We were even shown an historical map showing it. So we will try and organise a team to clean it out and try and get highways to put a bollard or something in the hedge to warn of its presence. Thanks to all who responded. Next month, Millennium House will be holding a food and drink fest, to feature local food and drink producers. This will be on November the 10th, see advert elsewhere for details. If you are a local food/drink producer and would like to attend, please contact Angie on 01579 362459 or (angiehaimes@aol.com) for an entry form. Millennium house now has B.T.Sport back in the bar, so in future major sporting events can be shown in the bar or possibly in the Function Room on the Mega screen. The evenings are drawing in now so please check the lights on your children's bikes, and remind them to use them! Lets keep our youngsters safe on the roads in the dark evenings. I was sad to see the mindless damage done to the W.I. horticultural show sign. The W.I. work hard to organise the show and bring a lot of joy to the village. I hope whoever was responsible for the damage is ashamed of themselves. Lastly could I ask if there are any volunteers out there who could deliver copies of the pump in areas of both St Ive and Pensilva. If you think you could help please contact Millennium House reception.

Pete Haimes.

MILLENNIUM HOUSE

For those who have just moved into the Parish, welcome. I would like to just explain the situation regarding the management of Millennium House.

Millennium House was opened just over 21 years ago. MH has been run and managed over the years by a number of Parish Councils, the current council of 13 volunteers were elected in 2017. Their remit, along with a number of staff and other volunteers, is to reduce Millennium House's reliance on the Precept, as well as maintaining the needs of the two Parish wards, St Ive and Pensilva. The Precept comes from the taxpayers of the Parish and for 2019/20 is £69,000; about £50 per household per year.

Millennium House is showing its age, the roof leaks, the two boilers are just hanging in, the rooms and décor are tired. We also have a huge annual Business Rates bill and other bills including gas, electric, insurance etc. The parish Council is looking to apply for a substantial grant from the lottery, but this process is very long-winded; maybe you have experience with Lottery applications, please contact us.

You Can Help...... The Parish Council is always looking for volunteers to do some small jobs around Millennium House and the Parish. Please use Millennium House as much as you can: support the many events that we put on, like the Film club, Halloween party, new year's party, barn dance, choirs and much more. Check out our website and the Parish Pump for details. We also have a bar, Coffee Shop, Gym, Post Office, function room, and sports hall. Money that comes into Millennium House is for the Parishioners of the Parish. I feel that Millennium House could be a great asset to this community.

Alan Moss, Chair of Millennium House Management Committee.

PENSILVA WI SEPTEMBER REPORT

Due to our booked speaker being unable to attend, Becky from Growing Project, Pensilva came to tell us about the wonderful project we have in our midst. She gave us the background of how it all started and outlined where they are now. She asked for people's clippings, grass cuttings and kitchen waste which can be used for their compost. A great idea as it is sometimes difficult to get rid of lots of garden waste. She had brought along an assortment of vegetables they had grown and soon there was very little left on the table as all the members 'dug in'. President Jean Hoare warmly thanked Becky for giving of her time.

Birthdays this month were Rachael Palmer, Irene Elliott, Jennifer Kelly and Mary Lake.

Competition winners: Flower of the month - 1st Jill Pascoe, 2nd Verna Dawe, 3rd Irene Elliott. Decorated plant pot – 1st Cherry Woodhouse, 2nd Verna Dawe, 3rd Jill Pascoe.

Our October meeting, the Harvest Supper and auction will be held on Wednesday 9th October at Millennium House, 7.15pm. Friends and family welcome.

LOCAL CHARITY NOMINATED FOR NATIONAL AWARD

Transferable Skills Training (TST) based at Merryhue Farm in our Parish, has been shortlisted for the Institute of Outdoor Learning 2019 Awards, in the Community Development category, for its project 'Inspiring Lives'.

The Institute's citation for this project reads: 'Inspiring Lives' is a multiple award-winning project that is designed to engage the most vulnerable hard-to-reach young people. The programme has gained national recognition for its innovative approach and impact in re-engaging young people and successfully training them to gain the skills they need to lift them out of poverty."

NEWS FROM PENSILVA GUIDING

After 30 years Guiding, working as a team, weekly meetings and taking units away on pack holidays, canal holidays and Guide camp, Jackie, Lynne and Martha wish to retire. The fun and camaraderie has been brilliant we have made friends with other Guiders in Cornwall, Britain and the world. We would like four new leaders two for Brownies and two for Rainbows. There is training from Cornwall Girlguiding and we are willing to help with the transition to new leaders. The times and days of unit meetings can be changed to suit the new leaders. St Ive Show – 7th September 2019

This year's show was opened again by Mrs Ruth Sargent. Ruth is a keen WI member and has been coming to the show for many years. She stepped in to help at the last minute and did a wonderful job of welcoming everyone to the show.

Entries were slightly down on last year, but the hall was still filled with a beautiful array of flowers, vegetables, handicrafts and cookery.

The afternoon was enjoyed by all – young and old. People were able to look around the entries and, at the end of the day, participate in an auction of the produce on display – capably hosted by Keith Mutton!

The show committee would like to thank everyone who contributed – whether by way of entries, refreshments, raffle prizes, judging, stewarding or pre-show organising. Without the help of all concerned our show would not be the success that it was!

St Ive and District Gardening Association

Clare Woodbine from Pinsla Garden entertained us at our September meeting, explaining how she maintains the naturalistic look of her garden. Illustrating her talk with numerous pictures, Clare pointed out many plants which lend themselves to this natural style, to give colour throughout the seasons. Adding pools and rocks encourages wildlife and natural plants such as mosses and ferns helping the informal feeling. Perhaps all our gardens will be more relaxed havens next year!

In complete contrast, next month, on October 7th, David Lemon will be telling the tale of when he walked the Zambezi River in southern Africa. That will be in St Ive village hall at 7.30pm. Visitors are welcome.

HOME INSULATION IS A WIN / WIN

INUSLATION SAVES YOU MONEY AND IT HELPS SAVE THE PLANET! A house that is insulated to modern standards will have good insulation in the loft, walls and floor, as well as double-glazing and perhaps some draft-excluders. A poorly insulated house will have solid walls, perhaps a bit of insulation in the loft, but no other insulation, and it may be draughty. The well-insulated house will have around half the heat loss of the poorly insulated house. Half the heat loss means half the heating bills and therefore, in most cases, half the carbon emissions! **INSULATION IS ALSO GOOD FOR YOUR HEALTH.** Contrary to popular belief, well insulated homes are not "stuffy". In fact, insulation will keep your house cooler in summer and make it easier to keep well-ventilated and at a comfortable, constant temperature in winter. In Cornwall we have above average winter deaths due to cold conditions, above average levels of fuel poverty, and above average numbers of cold and damp homes. Energy efficiency in your home is one of the best ways to mitigate these problems.

YOU CAN INSULATE YOUR HOME EVEN IF YOU ARE ON A LOW INCOME! Any money you invest in insulating your home will be quickly repaid through lower heating bills, but what if you cannot afford the initial investment? The Government's ECO3 scheme means that even if you don't have much money you can contribute to lowering CO2 emissions. Any energy supplier that has over 250,000 customers is legally required to help improve the energy efficiency of their customers' homes with the installation of heating and insulation. To be eligible you must be claiming specific benefits but the list of qualifying benefits is long and includes some such as Disability Living Alowance, PIP, Tax Credits, Pension Guarantee Credit, Universal Credit and Child benefit. For example a family of two adults and two children with a combined income of 30,000 pounds is eligible. If you rent, you need your landlord's consent, but not many refuse. The most popular ECO measures are cavity wall insulation, loft insulation, solid wall insulation, gas boiler replacement and draught proofing. You need to speak to your energy supplier or you can obtain more information from Energy Saving Advice on 03001231234.

If you do not qualify for any of the benefits on the list, but you receive the winter fuel payment, consider using this money to improve insulation or draught-proofing. It will pay you back in no time.

If you have outstanding unpaid utility bills, try phoning Charis for a grant on 01733 421 021. This is a trust fund set up by utility providers to help people in vulnerable circumstances due to ill health or perhaps a death in the household. Your information is confidential and does not get passed to your utility provider. Film Club

We had a good turnout for our last film, in fact since we were using a smaller room upstairs, we were almost up to capacity. "Red Joan", a Judi Dench movie, told the story of an elderly lady who was accused of spying and treason during the Second World War, many years previously. Quite thought provoking, especially as it was based on true fact. I think it was enjoyed by the audience.

Our next film night is Friday 11 October when we will be showing "Hidden Figures". This, again, is based on true facts and tells the story of 3 female mathematicians who were recruited by NASA at a time when not only were females the underdogs but these were black women during the time of segregation in the USA - they weren't even allowed to use the same toilets! It's a powerful, well-told and engaging story and is really worth watching so I hope that many of you will be inspired to come along. We now have a small nucleus of regular attenders, some of whom have been to all 3 films. Many thanks for your support and keep coming (you know who you are!). Don't forget, the bar is open and it's even possible to have a meal beforehand if you arrive early. Doors open at 7 for a 7.30 start.

PENSILVA WILDLIFE GROUP

BEAVERS IN THE PENSILVA AREA?

On the 31st of July we had a fascinating talk from Chris Jones who manages a Beaver Reintroduction Project, supported by The Cornwall Wildlife Trust. He went through all the pros and cons of beaver reintroduction. The careful scientific monitoring of the project by Exeter and Southampton Universities shows considerable improvements over the two years since the beavers arrived. Most notably:

A significant slowing down of water flow down the stream, giving improved protection from flooding for the local village (which has a history of flood events)

A rapid and significant rise in the biodiversity of the area.

An increase in the size and number of fish. (contrary to the fears of local anglers)

The main disadvantages are:

The loss of land around water courses for farmers. This has to be the main worry. However, this seems to be limited by the distance beavers feel safe in travelling out of the water and not all waterside locations are productive. Even so, perhaps there should be a compensation scheme for farmers. Could this be balanced out by a reduction in the need for expensive flood protection measures?

Loss of trees. However, simple measures such as coating the base of the trunk of any tree to be saved with paint mixed with sand, seems to work.

Mr Jones also told us that beavers seem to be 'popping up' all over the country, quite apart from authorised projects such as his. After the talk a member of the audience told him they had seen a dead beaver in the Pensilva area. So maybe they are here already!

If you do see a dead animal such as a beaver, the Cornwall Wildlife Trust would be grateful if you could let them know and if possible send a photograph, so that they can examine the body and monitor the situation. If you are unsure how to do this you can contact me (Hilary Taylor) on the number at the back of The Pump and I will pass on the information.

The event was well attended and received. As a result, we are arranging a second visit to the project. (Please see the poster in this issue for details.) Last time we were lucky enough to see the adults and catch a glimpse of the two kits born in the first year. Fingers crossed for this visit!

At the time of writing there are only a few places left, so get in touch quickly!

Permaculture Design Course for St Ive Parish

Permaculture is a design system based on ecological principles, grounded in ethics. It can be used to design, establish, manage and improve all efforts made by individuals, households and communities towards a sustainable future.

It is a practical method of developing ecologically harmonious, efficient and productive systems that can be used by anyone, anywhere.

Permaculture has an ethical foundation based on:

Earth Care: caring for the Earth, considering activities that minimise harm to the Earth

People Care: meeting people's needs in compassionate and simple ways

Fair Share: designing what we need and sharing the surplus

The *Prime Directive* encapsulates this: 'The only ethical decision is to take responsibility for our own existence and that of our children.'

The Programme

This programme will provide training and support in permaculture design. Local people will be guided through a facilitated permaculture design process to create a holistic broad scale design for a zero-carbon future for St Ive parish. They will develop the skills to extend this design and to be able to continue with more detailed designs of specific areas and subjects.

2-Day introduction to permaculture, includes:

History, principles of ecology 8: attitude, permaculture ethics, zones, sectors, elevation, examples, site tour of Pentiddy, introduction to the design process/ framework.

4 Days facilitated design.

Facilitated design process taking place over 4 separate days with adequate time in between to carry out the design work. The days will follow the design framework and cover some key subjects to inform regenerative design.

Day 1 Survey: Land-based information: observation, microclimates, land-use, soil, water, vegetation, animals, structures, history, vision/aim.

Day 2 Meeting tools. People-based info: food, economics, buildings and structures, settlements.

Applying the Principles.

Day 3 Water treatment, Soil building, regenerative agriculture, trees.

Day 4 Design tools & working on the designs.

The outcome will be a broad-scale, overall design for a zero carbon and bio-diversity rich parish.

Those taking part in the training will need to be committed to carry on beyond the initial parish outline design to do more detailed designs. Programme limited to 20 participants. These may include land-use, food sovereignty, zero-carbon energy, transport, community, circular economy etc.

Dates

Intro: week commencing 28th Oct or 4th Nov or 2nd Dec

Design & permaculture intensive: Dec/Jan-March 2020

The course is organised by St Ive Parish Climate Action Group. It is free to residents of St Ive parish; £50 per person otherwise.

PENSILVA WILDLIFE GROUP

Join us on a visit to the Cornwall Wildlife Trust's...

We will do our best to organise car share places, leaving Pensilva at about 5.00 to reach Woodland Valley Farm, Ladock at 6.00 and leaving there at approximately 8.00.

The Wildlife Trust advises that the visit is unsuitable for young children, and a steep slope down a farm track makes it unsuitable for the less able. Wellington boots or similar will be needed.

Chris Jones, the farmer, will take us on a guided visit to the site where the beavers are living, to see how they have changed the local landscape with their dam building and water management. At dusk, if we stay still and quiet, we may be lucky enough to see them as they emerge for their nightly activities!

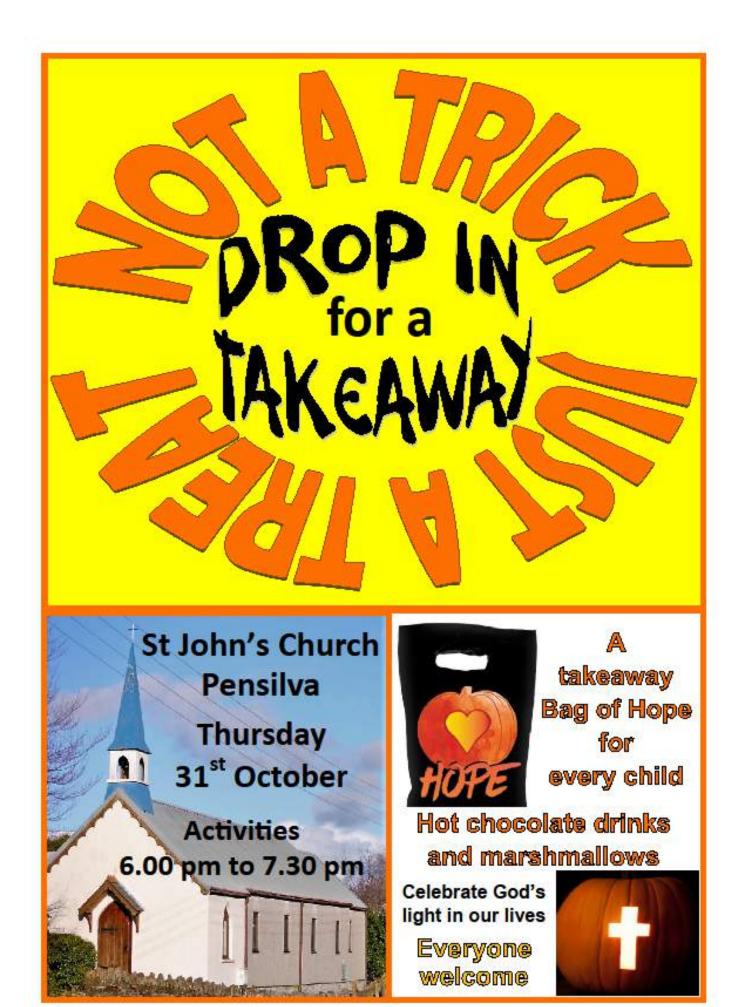

Places are strictly limited, so booking is essential!

MEMORY PROBLEMS?

If you have memory problems, whether mild, moderate or severe, you can feel a bit isolated or lonely. If you care for someone with this problem, we know how hard it can be. Our Café offers the opportunity for you to relax for a couple of hours now and then.

We have a varied programme throughout the year with some interesting speakers, musicians, crafts, games and occasional outings. You would be very welcome to come and join us for some reminiscences, music, fun and laughter.

Pensilva Memory Café

Social activities and refreshments in a friendly and informal setting. We'd love to see you. We meet on the 4th Thursday of each month at St John's Church from 2pm to 4pm. Tea/coffee and cakes always provided.

Free entry but donations of £1 per person are much appreciated.

For more info phone Pat 01579 363461 or Carolyn 01579 362698

A big thank you to the Lions of Liskeard who recently very kindly donated a cheque for £200 to help us to continue running the Cafe and arranging outings and activities.
