### Parish Pump Submissions

Via email only to [stiveparishpump@gmail.com](mailto:stiveparishpump@gmail.com)

The deadline for submissions is the 18th of the month. Please email your text submissions directly in the email body, and attach any images. Full, half, or quarter page poster designs can be sent as JPG, PNG, or PDF files.

### Advertising Costs

Please note that all advertising must be paid for prior to publication.  
Two months free when purchasing for a year, and the cost can be spread over quarterly payments.

Quarter page: £10 per month, or £100 for 12 months

Half page: £20 per month, or £200 for 12 months

Full page: £33 per month, or £330 for 12 months

(All prices are inclusive of VAT)

# Letter from The Editor

It's official: at the time of writing, it's rained every single day so far this year. We've at least had the odd glimpse of sun; some parts of Scotland have recorded a grand total of zero sunshine hours so far. Still, make the most of the rainwater while you can. We all know how this story tends to end. A few more months and we'll likely be talking about drought, hosepipe bans, and wondering where all this water went.

February did at least bring something worth celebrating. Not content with one New Year's celebration, I get a second with Chinese New Year. Usually we keep it small at home with family and friends, but this year we decided to open it up and share it with the community instead.

With the help of the Millennium House Events Group, we put on what we hope will be the first of many Chinese New Year celebrations at Millennium House. It was genuinely encouraging to see so many people come along, take part, and give things a try. Thank you to everyone who helped organise, volunteered on the day, or simply turned up and joined in. These events only work when people show up.

On offer was calligraphy, paper cutting, dressing up (thank you to Millie and Cathy for the front cover photo), and dumpling making – all traditional activities for the New Year in China. We also ran a LEGO horse-building competition, which might

be a little less traditional but proved just as popular. The results are on the opposite page, and there were some fantastic entries from both children and adults. It's always good to see a bit of friendly competition bring out people's creative side.

As many of you probably know, the Chinese zodiac cycles through twelve animals, and this year it's the Horse. What's less well known is that it also cycles through five elements: wood, fire, earth, metal, and water. That makes this year the Fire Horse. The full cycle resets every sixty years. The cut-off date is 17 February 2026; anyone born before that falls under the previous cycle, the Wood Snake. For the record, I'm a Water Dog, which apparently explains a few things.

In other news, we've settled on "Age of Steam" as the theme for this year's carnival, to be held on August 1<sup>st</sup>. Think Steampunk or Victoriana for costume ideas – waistcoats, goggles, brass fittings, that sort of thing. We're hoping to include working steam engines if possible, so if you have something suitable to exhibit, or know someone who does, please get in touch. We're also looking for traditional carnival games and stalls to help make it a proper day out for everyone. Let's make carnival great again and recapture some of that local spirit.

*James*

Thank you as ever to our amazing events team for decorating, manning the tables, and celebrating with us!

Making tasty dumplings with Hui

A table full of wonderful LEGO horses! Right: winner, "Dumpling" by Lowena, along with five fantastic runners up.

## Chairman's Column

As I write this on the 18th February, it's been nearly 50 days of rain, rain, rain!! Admittedly we had a little respite on Valentines Day but it had to go and rain later in the day! I used to live on Mull, an island off the west coast of Scotland, and in all the 25 years of my being there I don't recall ever seeing weather like we've endured over the past few weeks. I'm not saying the situation is dire but I've spotted Noah a few times, sailing through the flood by the caravans with a crowd of miserable-looking animals dolefully watching the never-ending downpours – in the words of the song, "Things can only get better!!" Let's hope so.

I know there are those who will put this all down to global warming by tracing it all back to the Industrial Revolution (as "they" would have us believe), then ipso facto the Victorian engineers and inventors could have saved us all this torrential rain by keeping quiet!! The problem with that of course, is that we would still be "enjoying" a pre-Victorian existence – no trains, cars, telephones, electricity – and don't forget the plumbing! – all the very things that we all take for granted and could no longer do without.

So there's the rub – there's really no point in complaining about the weather whilst at the same time watching the self-same weather on our various devices and then using our mobiles to moan to our friends! Unfortunately, we are now so in love with technology that we continue to perpetrate the downward spiral of global warming by mining all the rare metals to be devoured by our phones and electric vehicles which begs the question – which is the more harmful, digging out coal or lithium?

Anyway, we could debate this problem till the cows come home (and there are those who blame Daisy and her friends for the problem!!) but sadly I see this as a pointless exercise so probably better to invest in more waterproofs!

Changing the subject entirely, I hope you've spotted the notices for the NDP (Neighbourhood Development Plan) Drop-in sessions on various dates and times this month. We have been working quietly on this project for a couple of years, so now it's time to reveal the draft version for your comments. Please pop along and share your thoughts and ask some questions - it concerns you all!

Stay dry!!

*Steve*

- 🕒 8am/9.30am: Slimming World (with Hayley)
- 🕒 8.30am: Amy Batty Fitness (until 9.30am)
- 🕒 10am: Zumba with Jan (until 11am - £6)

### SUNDAY

🕒 9am: Kixx (until 11:00am)

## THE MEL BAR OPENING HOURS:

Tuesdays to Saturdays from 5pm; Sundays from 12pm.

**MISSING YOUR EVENT?** Make sure you email [stiveparishpump@gmail.com](mailto:stiveparishpump@gmail.com) before the 15<sup>th</sup> of the month prior.

# Pensilva WI Meeting Report

We welcomed five visitors this month, some who have recently moved to the village and are keen to meet the community. Also in attendance was local Councillor Jim Gale. Pensilva WI have so far donated 10 ½ lb of used stamps to CFWI – thank you for your continuing donations – all still happily received in the box at Millennium House!

Cornwall's Spring and Summer traditions was the theme for the February speaker, Cornish Bard Kathy Wallis. Her unique bardic name is Gwithyades Hengovyow, which translates to "Keeper of Traditions." She has a range of previous experience and is now a storyteller, singer, author. Her belief that heritage is an integral part of who we are, was evident through her enthusiasm about our traditions. Deciding what marks the start of Spring was her first question – could it be Imbolc (celebrated around the 1<sup>st</sup> February) or is it when each of the Magnolia trees in the six great gardens has fifty blooms? Further celebrations in Cornwall such as St. Piran's day, the 'Obby 'Oss, Picarus night, Trevithick day and the Black Prince Flower Boat procession were explained and members were very interested in their history. The stealing of the Maypole in Lanreath and Pelynt along with the Hurling of the Silver Ball (a game with no rules!) amused us – definitely more comfortable to watch than partake! Other traditions are dolly dunking in West Penwith, the cuckoo feast in Towednack and Tansys Golowan – where midsummers eve bonfires are lit across the county. Kathy speaks Cornish and talked about the day she was made a Bard – even showing us the book that is a part of the Gorsedh ceremonies.

Many Cornish members were surprised at just how many traditions they were unaware of – but we are all keen to look out for some of these events and go along to celebrate!

**Competition winners:** (Plenty of piskies to choose from!).  
**Flower of the month:** 1<sup>st</sup> Jill Pascoe, 2<sup>nd</sup> Frances Tucker 3<sup>rd</sup> Sue Turpin. **A Cornish good luck charm:** 1<sup>st</sup> Mary Yates, 2<sup>nd</sup> Frances Tucker, 3<sup>rd</sup> Jenny Rendle.

**Next meeting: Wednesday 11<sup>th</sup> March, 7.15pm.** M2 catering will be doing a "Cooking with Chocolate" demonstration. You are welcome to come along as visitor if you think you might be interested in joining us.

Contact us with any enquiries at: [pensilva@cornwallwi.org.uk](mailto:pensilva@cornwallwi.org.uk)

# Update on Aid for Ukraine

On the 14<sup>th</sup> of February two of our team members Dan and Tracey set off for Ukraine with Nightingales UK's 16th vehicle, packed with vital medical and humanitarian aid.

This isn't just a vehicle – it's a lifeline. Every box of medical supplies, every piece of equipment and every essential item inside has been funded and collected through the incredible generosity of the donors who want to bring hope where it is most needed.

To everyone who has donated, shared, supported or simply believed in this mission – thank you. Your kindness has filled this vehicle with more than supplies; it's filled it with faith, compassion and humanity. A heartfelt thank you to every single person who made this journey possible.

January's total for fundraising reached £500, with generous donations from members of the public and holding our first table top sale of the year at Fraddon Village Hall. This month we held a

very successful table top sale at Lanreath Village Hall in Looe and raised a further £250 making our total so far to date with continued sales at £800. If you are part of a club or organisation and would like to fundraise to help us with our cause, please contact me on the number below.

We have just received a message of help from a lady in Ukraine called Elena Mosiychuck Maloik. She is desperate to get a vehicle to help evacuate animals from the

front line. Her car has just broken down and she is frantically looking for another one. God works in mysterious ways and should there be anyone out there getting rid of a vehicle that is in good working order please let me know. Vehicles have to be reliable, so that volunteers can drive out of difficult and dangerous situations safely.

PUMA – Plymouth Ukraine Medical Aid, a non-profit organisation that also delivers medical supplies and clothing – have asked if we can collect WHITE plastic milk bottle tops which are used to repair drones. They must be WHITE NOT GREEN. Thank you.

As a group we are promoting the message that we need high spec medical aid and donations, ensuring that we can buy the very specific medical equipment needed to save lives on the front line. Therefore, if you would like to make a cash donation, please go to

[gofundme.com/f/Nightingales-UK](https://www.gofundme.com/f/Nightingales-UK)

If you would like to donate a long wheel base 4 x 4 vehicle, please email

[nightingalesuk@gmail.com](mailto:nightingalesuk@gmail.com)

The need for unused and in date medication is as great as ever. If you have any medication that you no longer need or use, please consider donating it to Ukraine. All identification labels are removed and medication is checked by medical staff, prior to transportation. We are also appealing for Paracetamol and Ibuprofen, as well as men's toiletries such as wet wipes, shower gel, deodorant etc.

Please continue to support us where you can.

There is a pink dustbin by the wooden box on the drive, outside my house where you can place your unwanted/donated items. For those of you who don't know where I live, our house is Rivendale PL14 5PG, located next to the Pensilva Medical Centre. If you would like me to collect any items, please contact me on Mobile 07808663749. Once again, thank you for all your kind donations and support.

*"World peace is one project that we have to do together" - (Yoko Ono) God bless.*

*Janey*

Nightingales UK are currently asking for donations of the following aid supplies:

Over-the-counter medicines

- Paracetamol
- Ibuprofen
- Cold and cough Medicine
- Antihistamines

Prescribed in date Medicines

- Antibiotics
- Painkillers, (no Codeine or controlled drugs)
- Blood Pressure and heart pills

Nursing Equipment

- Dressings/bandages
- Tape
- Dressing packs
- Antiseptic wipes and fluid
- Scissors
- Sutures

Surgical Equipment

- Urinary Catheters/bags etc
- Colostomy stoma care and bags etc
- Splints, slings

Medical Equipment

- Stethoscopes
- Blood Pressure Machines
- Blood Sugar Monitoring
- Peak flow meters etc

Humanitarian Aid

- Children's nappies, formula milk, bottles
- Adult continence pads
- Wet wipes, toothpaste, toothbrushes

Please do not send

- Clothes, blankets, food.
- Crutches, Disability Walkers and Wheelchairs

**Thank you.**

## SIXTEEN+ YEARS OF WILDLIFE WATCHING IN THE PARISH OF ST. IVE

Since moving to the Parish at the end of 2009, I have been photographing and recording the wildlife which I see at my home on the edge of Pensilva on a daily basis. This month I am looking at a bird of prey which I have seen on a number of occasions in the local area, but not actually in my garden...

### ...THE KESTREL

I have seen a kestrel hunting up on Caradon Hill from time to time, as well as one in the fields to the south of Pensilva. However, the photographs I have used were here taken when walking along cliffs on the coastal path around The Lizzard. This was a family group with youngsters learning to hunt from their parents before going off into the world on their own. The cliff top vantage point gave us a view of them hovering level with us, or even slightly below us.

The kestrel is one of the smaller members of the falcon family of birds (about the same size as a magpie). When hovering, their wing and tail feathers spread out showing the striking patterns in shades of brown seen above. Both sexes have much lighter breasts with dark spots. Females also have a brown head, but the male's is a blueish-grey. When flying (as opposed to hovering) their feathers are pulled in giving the wings a pointed shape and narrowing the tail.

One of the best ways to pick out a kestrel is to look for the flight pattern when they are hunting. They will hover for a while and then swoop off to another likely spot where the hovering is restored. This will be repeated until a prey animal is sighted, when they pull

in their wings and seem to drop out of the sky onto their victim. The photo to the left shows the moment when one of the family we were watching did exactly that. They are also helped in their hunting by their exceptionally good eyesight (much better than ours). This includes the ultraviolet spectrum, which allows kestrels to see the urine trails of small rodents which give away their most used hiding places. Kestrels are vole specialists, with field voles being top of their menu. They will also take mice, shrews, small birds and occasionally, worms and insects. Many have adapted to urban living and it is there, where voles are scarcer, that more birds are likely to be taken. Kestrels need at least 3 voles a

day to survive. Kestrels can also be seen on telegraph posts, gates and hedges where they will always remain alert, ready to pounce on any prey item which might appear. They prefer open areas where they can hunt and rarely go into woods, although they may use wood edges to hunt and breed.

Kestrels are not nest builders, but in April to May will lay 4 to 5 eggs in natural cavities such as tree holes or cliff cavities (the latter is probably where our kestrels hatched). As cavity breeders, they will also use boxes, which has enabled scientists to observe their breeding behaviour. They also sometimes use nests abandoned by other species and in urban settings will use rooftops and holes in walls. The young hatch about a month later and fledge about 5 weeks after that. As with most hunters, juveniles will remain with their parents for a while to hone their skills before moving on - just like our family on the cliffs.

Until recently, kestrels were a very common sight, particularly on road verges. While this is still a good place to look out for them, kestrel populations fell by 37% between 1995 and 2023. This decline is not fully understood, but contributory factors may include; secondary poisoning (eating prey poisoned to reduce infestations); changes in farming practices; loss of nesting sites; newly observed predation by Goshawks.

Whatever the cause, Kestrels are now on the amber list of endangered species. It is an elegant bird and an integral part of our eco system. It would be a tragedy to lose it - so keep an eye out for it as we embark on the second quarter of this century.

HAPPY WILDLIFE WATCHING

Hilary

## Pensilva Country Dancing Club

Next: 12th &  
26th of March

Every second and fourth  
Thursday of the month, at  
Millennium House Arts and  
Crafts room, from 7pm to 9pm.

For information ring Frances 01579 363718

## Community Consultation Spring 2026

### YOUR PARISH. YOUR PLAN. YOUR FUTURE.

We are entering the final stage of the Neighbourhood Plan.

This is your chance to shape local planning policy on **housing, environment, infrastructure** to 2030 and beyond.

**Consultation Period: 2nd March – 6th April 2026**

## WHAT IS THE ST IVE & PENSILVA PARISH NEIGHBOURHOOD DEVELOPMENT PLAN?

Planning law gives St Ive & Pensilva Parish Council the power to create a Neighbourhood Development Plan (NDP) — a community-led framework that helps shape future planning decisions in the Parish.

In 2022 a local community team [the Steering Group] was set up to draw up the Neighbourhood Plan. It collected and analysed evidence, including the results from major surveys of local opinion taken between 2023 and 2025. Based on this, the Steering Group have now written the Consultation Draft of the St Ive and Pensilva Parish Neighbourhood Development Plan.

**A Neighbourhood Plan is our chance to make sure future planning decisions reflect what local people want — helping to shape development in a way that’s right for our Parish!**

## St Ive & Pensilva Parish Draft Neighbourhood Plan

## Consultation 2026 SUMMARY LEAFLET

### WHAT YOU TOLD US THE PLAN SHOULD DO...

**Protect what makes the parish special** – safeguard its tranquillity, landscape, wildlife, and biodiversity that residents value most.

**Provide the right homes** – deliver more affordable and family housing, plus adaptable homes for older residents and those with mobility needs.

**Focus new housing in the right places** – favour brownfield sites, infill, and small-scale rounding-off within or at the edges of existing settlements.

**Support local jobs and enterprise** – encourage small-scale industry, workshops, crafts, farming and forestry, retail, and spaces for home-working, promote tourism growth, and build on its reputation as a good place to live and work.

**Strengthen community facilities** – protect key services including the GP surgery, village shop, Post Office facility, Millennium House, playing fields, sports facilities, the school, and explore possible new amenities.

**Enhance local infrastructure** – improve roads, pavements, and digital connectivity to support daily life and local enterprise.

**Champion the natural environment** – protect trees and hedgerows, protect habitats, minimise pollution, and support community-led climate and energy initiatives to help tackle climate change.

**Improve transport and road safety** – address parking pressures, enhance bus links to key destinations, promote safer travel through better footpaths and reduced speed limits and encourage better broadband and mobile coverage to help residents and businesses

## WHAT WE DID IN RESPONSE...

- ◆ **Reviewed existing policies:** Looked closely at the National Planning Policy Framework and the Cornwall Local Plan to understand how national and local policies affect our Parish.
- ◆ **Gathered local evidence:** Collected and analysed evidence on the key themes...Housing, Business and Employment, Community Facilities, Recreation and Open Space, Design and Heritage, Roads Access and Transport.
- ◆ **Commissioned a detailed Design Guide** from urban designers.
- ◆ **Developed a Vision and Objectives and wrote Planning Policies** for future planning in the Parish, to guide new development.

## THE VISION FOR ST IVE & PENSILVA PARISH TO 2030 AND BEYOND

***‘By 2030, the parish of St Ive will encompass two wards, each with its own unique character: St Ive and Pensilva, surrounded by a number of rural hamlets and scattered rural properties.***

***Pensilva's built environment will proudly reflect the parish's rich mining heritage and historical significance.***

***At the same time, St Ive will celebrate its agricultural and historical roots, honouring its connection to the internationally acclaimed achievements of Emily Hobhouse.***

***Both communities will thrive with vibrant, inclusive societies and a prosperous rural economy that supports the needs of all residents, regardless of age or ability.***

### OBJECTIVES OF THE ST IVE & PENSILVA PARISH NEIGHBOURHOOD PLAN

- ⇒ **Climate Change** - tackle climate change locally, promote renewable and low-carbon development, enhance sustainable transport
- ⇒ **Housing** - deliver the right homes in the right place, promote resident-centred design
- ⇒ **Business and Employment** - foster key industries, enable remote and small-scale enterprises
- ⇒ **Heritage, Design, and Local Character** - promote character-led development, protect heritage and landscape
- ⇒ **Natural Environment** - preserve environmental quality, enhance biodiversity
- ⇒ **Community Facilities and Infrastructure** - enhance health and well-being, foster community connections.

# SUMMARY OF NEIGHBOURHOOD DEVELOPMENT PLAN POLICIES

## CLIMATE CHANGE

### The Issues

**The Parish recognises the importance of doing its part to tackle climate change.**

Wind speeds here are strong enough for turbines, but opportunities for **large wind projects are limited because of the sensitive landscape** — including the nearby National Landscape (AONB) and the World Heritage Site. **Solar generation faces similar constraints**, though there may be scope for small-scale hydro schemes in suitable locations.

**Many local people agree that action is needed to reduce the causes and impacts of climate change, though not everyone supports renewable energy projects.**

**Improving energy efficiency through retrofitting homes and using low-carbon heating systems is a key way forward.**

**With the climate changing, higher flood levels are expected**, so local resilience and adaptation will become increasingly important.

### What does the Plan say?

**Policy 1 – Sustainable Design:** New buildings must be energy-efficient, low-carbon, and use sustainable materials. Retrofitting older homes is encouraged.

**Policy 2 – Energy Storage:** Support for well-sited battery storage linked to renewable energy.

**Policy 3 – Community Energy:** Encourage locally owned renewable schemes that benefit parish residents.

**Policy 4 – Renewable Energy:** Support small-scale wind, solar, and hydro where landscape, heritage, and amenity are protected.

**Policy 5 – Heating Transition:** Promote low-carbon systems (heat pumps, biomass, solar) and sensitive retrofitting of heritage buildings.

**Policy 6 – Windows:** Repair traditional windows where possible; replacements must match original design and materials.

**Policy 7 – Sustainable Drainage:** Use natural features like ponds, swales, and rain gardens to manage surface water.

**Policy 8 – Natural Flood Management:** Support nature-based flood solutions such as tree planting and wetland creation.

**THIS CONSULTATION  
is your chance to  
shape what goes into  
the final document :**

**YOUR PARISH**

**YOUR PLAN**

**YOUR SAY!**

## HOUSING

### The Issues

The local average house price to local income ratio in the Parish, which should be around 4:1 if a home is to be affordable, is currently about 7.2:1. This means that most homes are unaffordable to local people on average wages. So there's a **clear need for more affordable homes to meet local needs** — including shared ownership at low cost levels and social rented homes.

The housing stock is dominated by larger properties [60%] while most households [72%] are small, typically one or two people. With an ageing population, more suitable downsizing homes are needed, while the decline in younger residents underlines the importance of providing smaller, affordable homes to **keep the community balanced and sustainable**.

Current estimates suggest around 50 new dwellings are needed, mainly 1 and 2 bedroom homes.

There is **widespread community support for small-scale developments** rather than large estates.

### What does the Plan say?

**Policy 9 – New Housing at St Ive & Pensilva** Focus new homes inside village boundaries through small infill and brownfield reuse, respecting local character and improving walking and cycling links. Only very limited rural housing allowed for essential needs or building reuse.

**Policy 10 – Housing Mix** Provide small and affordable homes, including social rent, with designs suitable for younger people, older residents, downsizing and home-working.

**Policy 11 – Rural Exception Housing** Support small affordable housing schemes on village edges where there is proven need and good design. Limited market housing allowed only as cross-subsidy.

**Policy 12 – Community, Self & Custom Build** Encourage self-build, custom-build and community-led affordable housing that remains affordable in perpetuity and meets local design standards.

**Policy 13 – Infill in Hamlets** Allow one or two homes in hamlets only where they fill a clear gap, fit local character, and have access to services.

## ECONOMY & EMPLOYMENT

### The Issues

Many people in St Ive & Pensilva Parish travel elsewhere for work, as there are **only limited job opportunities locally**. This lack of local employment makes it harder for young people and working-age people to stay in the area and build their careers.

### What does the Plan say?

**Policy 14 – Employment Land** Protect key business areas at Pensilva and St Ive Cross, support low-impact commercial development and flexible workspace, and encourage live/work units where business use is primary.

**Farming continues to play a vital role in the Parish** — providing jobs, supporting the rural economy, and helping maintain the distinctive landscape. **Tourism, too, has potential for growth**, especially where it celebrates the area’s natural beauty, heritage, and culture.

**There’s also a high number of self-employed residents and people working from home compared with other areas.** This highlights the growing need for flexible workspaces, small business premises, and fast, reliable broadband to support local enterprise and home-based working.

**Policy 15 – Home-Based Work** : Allow small-scale business use of homes, extensions or outbuildings where it causes no noise, traffic or visual impacts and maintains residential character.

**Policy 16 – Farm Diversification & Rural Tourism** Support farm enterprises and small, sustainable tourism uses, such as glamping or farm shops, that boost rural incomes, respect the landscape, and remain appropriately small-scale and holiday-use only.

## NATURAL ENVIRONMENT

### The Issues

St Ive and Pensilva is a **mainly rural parish** of farms, fields, woodland, and small hamlets, set **across rolling hills and two attractive river valleys**. These valleys, woods — including ancient woodland — and protected wildlife sites all help give the area its rich natural character.

**Old mining remains on the surrounding hills**, part of the Cornwall and West Devon Mining World Heritage Site, **are also a key part of the area’s landscape**.

**Residents value the parish’s peaceful setting, its important viewpoints, and its dark, starry skies**. However, poorly designed lighting can harm wildlife, waste energy, and reduce the sense of tranquillity that people enjoy.

It is **important that any new development fits sensitively** into this special landscape. Growth should respect the natural environment, protect what people value, and help strengthen the parish’s wildlife, character, and resilience for the future.

### What does the Plan say?

**Policy 17 – National Landscape and World Heritage Site** Protects key views and the special qualities of Bodmin Moor and the Cornwall & West Devon Mining Landscape WHS. Larger schemes must include landscape and heritage assessments.

**Policy 18 – Biodiversity and Green Infrastructure** Requires all development to strengthen green infrastructure, deliver at least 10 percent biodiversity net gain, and create or connect habitats in line with the Cornwall Local Nature Recovery Strategy.

**Policy 19 – Trees, Cornish Hedges and Hedgerows** Protects and restores trees, woodlands, and Cornish hedges. Ancient woodland and veteran trees may only be lost in wholly exceptional cases.

**Policy 20 – Tranquillity and Dark Skies** Protects rural tranquillity and the Bodmin Moor Dark Sky Landscape by limiting noise and light pollution, requiring well-designed, low-impact lighting and supporting low-impact dark sky-related recreation and tourism.

## HERITAGE AND DESIGN

### The Issues

Our villages look and feel attractive, but **some newer developments and extensions haven't always fitted in well**, leading to concerns about how future changes might affect their charm.

**St Ives & Pensilva Parish is full of history, from ancient sites and listed buildings to its proud place within the Cornish Mining World Heritage Site.** Many of its buildings have a unique local style that residents really value, giving the area its own special character and sense of place.

Beyond the well-known landmarks, there are also **many unlisted historic sites that add to the Parish's character** — some of which could be harmed by uncaring development and need care or restoration to keep them from being lost.

### What does the Plan say?

**Policy 21 – General Design Principles** New development must follow the Cornwall Design Guide and local Design Codes, fit village character, use durable materials, avoid exposed sites, and provide safe access and parking.

**Policy 22 – Heritage, Design and Cornish Distinctiveness** Respect the parish's historic character and World Heritage Site, use local materials, and include a heritage statement. Contemporary design is supported where it enhances local distinctiveness.

**Policy 23 – Non-Designated Historic Assets and Archaeology** Protect locally valued historic buildings, landscapes and archaeology. Any harm must be justified and minimised.

## COMMUNITY FACILITIES & INFRASTRUCTURE

### The Issues

**Community facilities play a key role in keeping St Ive & Pensilva a friendly, inclusive, and healthy place to live.** The Parish already has some great local facilities and services that people really value, but residents still need to travel outside the area for important things like healthcare and secondary schools.

**Looking after and improving the community buildings and spaces we do have can be a challenge,** as the stock is limited and often under pressure. Around the Parish, several much-loved green spaces add to local character and heritage, and these deserve to be protected.

**While there's plenty of natural space for walking and enjoying the outdoors, there's a clear lack of equipped play and recreation areas for children and young people.** Future growth could also place extra pressure on local infrastructure — from roads and parking to drainage, water, and community services — so careful planning will be essential.

**Connectivity is a major challenge** for the parish. Many people experience **slow broadband and poor mobile signal**, which affects home-working, business activity, and everyday communication. Getting around is also difficult, **with narrow roads, limited public transport, and very few safe cycling routes.** Parking problems, damaged verges, and concerns about road safety — including the need for better footpaths, 20mph zones, and effective traffic calming — add to the pressure on the local transport network.

### What does the Plan say?

**Policy 24 – Community Facilities** Protects key community buildings such as the shop, school, GP surgery, Millennium Centre, halls and churches. Support improvements, expanded uses and better access, including active travel and visitor parking. and create welcoming places for people to meet.

**Policy 25 – Open Space and Recreation** Safeguard parks, play areas, sports spaces, natural green spaces and future allotments. New housing must contribute to open space that meets Cornwall standards, with priorities such as upgraded play areas, pocket parks, safer routes and better footpath links.

**Policy 26 – Transport, Highways and Communications** Supports safer, low-carbon travel. New development should improve access to buses and active travel, manage speeds and parking, and avoid congestion on rural lanes.

**Policy 27 – Footways, Pedestrian Links and Rights of Way** Protects existing paths and rights of way, requiring safe connections, minimal diversions, and accessibility for all users.

**Policy 28 – Digital Infrastructure, Resilience and Investment** Promotes fast, reliable broadband, stronger mobile coverage, and resilient communication systems with battery or solar backup during power cuts.

# WHAT DO YOU THINK?

**Consultation on the Neighbourhood Plan is open until 6th APRIL 2026, and we'd love to hear from you.**

Please comment through the online survey at [plan4stive.co.uk](https://plan4stive.co.uk) [see QR code alongside], or complete the enclosed form and send it to the Parish Council before the deadline.

## TO FIND OUT MORE YOU CAN:

**1. READ THE FULL PLAN AND ALL THE SUPPORTING EVIDENCE ON OUR WEBSITE AT: [plan4stive.co.uk](https://plan4stive.co.uk)** [see QR code alongside]. If you prefer a printed copy, please email [stiveparish@btconnect.com](mailto:stiveparish@btconnect.com) or phone 01579 363096 to arrange to borrow one.

**2. VISIT A *DROP-IN SESSION*** to see an exhibition about the Plan and discuss your concerns with a member of the NDP Team.

- **PENSILVA, MILLENNIUM HOUSE - 7<sup>TH</sup> MARCH 10 AM TO 12 NOON.**
- **PENSILVA, MILLENNIUM HOUSE - 11<sup>TH</sup> MARCH 6.30PM TO 8.30PM.**
- **ST IVE VILLAGE HALL - 14<sup>TH</sup> MARCH 2:30 PM – 4:30 PM**
- **ST IVE VILLAGE HALL - 18<sup>TH</sup> MARCH COFFEE MORNING 10 AM TO 12 NOON.**

## WHAT HAPPENS NEXT?

All comments will be reviewed and the Plan updated to reflect community feedback. It will then be submitted to Cornwall Council for independent examination by a planning expert.

After that, the final Plan will go to a Parish Referendum, giving everyone in St Ive & Pensilva the chance to vote. If a majority vote “yes,” the Plan will become part of the official planning framework, meaning it must be used by Cornwall Council, developers, and Planning Inspectors when deciding future planning applications.

**YOUR PARISH - YOUR PLAN - YOUR SAY!**

# Millennium House Community Transport

Do You Require Transport  
for an appointment, shopping or any other?

Our Parish has a number of volunteer drivers who have agreed to help those who do not have transport, by using their own vehicles to help those in need.

Our aim is to connect local communities and reduce social isolation. We do need more volunteer drivers to cope with the demand. If your retired and would like to volunteer please contact us.

or if you require transport to Hospital; Doctors, Vaccination etc, and have mobility issues and are unable to drive to your appointment. The more volunteers we have the less frequent we'll be called upon.

Please contact Marlene on **01579 362919** or **07896 994947** and we will endeavour to help.

**millennium house**  
community centre and dynamic venue

## All Being Well

We are still open for three mornings a week. A maximum of six members can now attend at one time.

### Opening hours:

Monday, Wednesday and Saturday, 9am to 1pm.

Maximum six members at a time for each of three slots within each session: 9:00 to 10:20, 10:20 to 11:40 and 11:40 to 13:00

### **Prior booking is essential**

To book yourself in or for any enquiries, call in at the gym or telephone on **01579 363890**, during the opening hours listed above.

**23 years working in our local community to improve health, fitness and well being.**

# PENSILVA MEMORY CAFE

*If you have memory problems or you are a carer for somebody who does, come and join us at St John's Mission Church for a cuppa and some cake.*

*We'd love to see you and hope that you will enjoy yourself.*

*Guest Speakers*

*Activities*

*Quizzes*

*Games*

**2.00 to 4.00 pm**

**Thursday 26<sup>th</sup> March**

**Contact Geoff on 07475 920142**

Monday to Saturday except for bank holidays

Pensilva Community Association and C-FyIm Present

# PENSILVA FILM CLUB

**FRIDAY, MARCH 13th**  
DOORS OPEN 7PM, FILM STARTS 7:30PM

## THE CHORAL

**£4** for C-FyIm members

Non-members can join on the door for £8, which includes your first film.

RALPH FIENNES

In 1916, as World War I depletes the male membership of a Yorkshire choral society, the committee recruits local teenagers to keep the tradition alive. They hire the demanding Dr Henry Guthrie (Ralph Fiennes), a conductor recently returned from Germany, to lead them. Together, the group rehearses Edward Elgar's *The Dream of Gerontius*, seeking solace and community as the young men face impending conscription and the shadow of the front lines.

bread, tea/coffee &  
great company

St John's Mission Church  
Pensilva

# LENT LUNCH

Thursdays

12.00 to 1.30 pm

5<sup>th</sup>, 12<sup>th</sup>, 19<sup>th</sup> March

Please come & enjoy

a simple meal of homemade soup  
with a roll & cheese, coffee or tea.

**Lent** is the period of six weeks - 40 days not including Sundays - leading up to **Easter**, the most important festival in the Christian calendar.

Lent allows Christians to remember that Jesus went into the desert to fast and pray before beginning his work for God. Jesus was tempted several times, but was able to resist.

Lent is a time for testing self-discipline.

A time for giving things up, such as giving up a full meal.

Lent is not about gloom and abstinence for the sake of it, but a chance to grow in faith, which is something to be cheerful about.

*Donations  
in aid of church mission work  
in our community*

We need your **submissions**: news, announcements, posters for local events, even full articles if you think the community would find it interesting!

We need **photos** for the front cover. Taken a nice photo recently of a local event or somewhere in the parish and happy for us to use it? Email me, please!

We need **advertisers** to pay for the printing. If you're a local business, know that the Parish Pump is the first place most people turn to to find your services!

We need **volunteers** to deliver. If you don't currently have the pump delivered and could spare an hour or so a month, we'd love your help.

Either way, it starts with an email: [stiveparishpump@gmail.com](mailto:stiveparishpump@gmail.com)

Thank you for all your support, especially our advertisers, without whom the Parish Pump would not exist.

The Churches of the Tribute Benefice  
invite you to join us for our service for the

**World Day of Prayer**

on **Friday 6<sup>th</sup> March**

at **2pm**

**St Lalluwy's Church, Menheniot**

followed by afternoon tea

This year, the theme is 'I will give you rest, come'. The service has been prepared by the Christian women of Nigeria who call us to come closer to God and find rest in him.

As we take part in this service we join a great wave of prayer which encircles the globe, beginning in Western Samoa and ending 146 countries later in American Samoa.

**Come and be part of something really special!**

# Unity Methodist Church

**Sunday 1st March** - United Service @ The Parish Church **11.15am**; **6pm** Unity @ Bealbury led by Rev Stuart Reed with communion.
